- **Score of 57/100 qualified as "robust", placing Korian at the top of the ranking of companies in the healthcare sector**
- **Strong improvement in 2021 ESG performance :**
  - **Environment : Score of 57/100**, up sharply compared to 2020, welcoming the low carbon trajectory initiated in 2019
  - **Social : Score of 53/100**, testifying to respect for human rights and the quality of social dialogue
  - **Governance: Score of 62/100**, highlighting the best local practices

Paris, October 19, 2021 - Korian, the leading European care company serving the elderly and frail, welcomes the report published in early October by the extra-financial rating agency Vigeo-Eiris (VE), a subsidiary of Moody's Corporation, which ranks the Group in first place among the 47 companies in the "Healthcare and health equipment and services" sector.

The VE agency uses environmental, societal commitment, business ethics, human rights and governance criteria to establish the ESG performance rating of the companies assessed.

The overall rating assigned by the VE agency is 57/100, qualified as robust, up nearly 20 points compared to 2020 (38/100). In detail, the Environment rating stood at 57 (vs. 32 in 2020), the Social rating at 53/100 (vs. 36/100 in 2020) and the Governance rating at 62 (42 in 2020), well above the average performance of the sector.

These results bear witness to both the mission and the values of the Group for the benefit of its stakeholders, as well as the very strong support of all employees for the CSR strategy<sup>2</sup> actively deployed since 2019 through 5 pillars and 15 commitments.

« The very significant increase in Vigeo-Eiris' rating linked to our ESG performance, reflects the progress made in terms of quality, ethics, social commitments and environmental impacts. And this thanks to collective initiatives and monitoring indicators put in place for several years » emphasizes Sophie Boissard, CEO of the Korian group. « It also reflects a solid organization in terms of governance and recognized transparency in our dialogue with our various stakeholders. ».
